Introduction

Thanks for using TunePat Amazon Video Downloader for Mac!

<u>TunePat Amazon Video Downloader for Mac</u> is an excellent video downloader that is designed to download high-quality movies and TV shows from Amazon Prime Video in MP4 or MKV format onto local Mac computers. Equipped with a built-in Prime Video web player, TunePat allows you to browse the web player to locate your target video quickly. Plus, it has the ability to save audio tracks and subtitles in all languages that you can get from the web browser. With TunePat Amazon Video Downloader, you can easily get millions of videos downloaded with high resolution (up to 1080P) and watch them offline on any device.

Key Features

- Download movies & TV shows from Prime Video.
- Support downloading videos in MP4/MKV format with HD quality kept.
- Keep audio tracks and subtitles in all languages.
- No need to install the Prime Video app.
- Download videos in batches at a fast speed.
- Free updates & technical support.

System Requirements

- Mac OS X 10.15 or above;
- 1GHz processor or above;
- 512 megabytes (MB) or higher of RAM;
- 1GB of available hard disk space or higher;
- 1024*768 resolution display or higher Monitor.

Purchase TunePat Amazon Video Downloader for Mac

Tips: To buy a license key for TunePat Amazon Video Downloader for Mac, click Here.

1. Why should I buy TunePat Amazon Video Downloader for Mac?

The trial version of TunePat Amazon Video Downloader only enables users to download the first 5 minutes of each video. After you purchase the product, you will get the Register Email and Register Code to remove the limitations.

- 2. What Benefits do we have after Registration?
- Unlimited use during the subscription period without any function restrictions.
- FREE upgrades to the latest versions of the same product.
- FREE technical support.

Register TunePat Amazon Video Downloader for Mac

Step 1: Run TunePat Amazon Video Downloader on your Mac computer, click the **Menu** button at the upper right corner of the interface, and choose **"Register"** in the drop-down menu. Or you can directly click on the key icon to open the registration window.

Step 2: Copy and paste the **Registration Email** and **Code** you received into the registration popup window, then click the **"Register"** button.

Step 3: Once the registration process is done, the limitations of the trial version will be removed.

Installation

To install this product, please refer to the following steps:

1. Download the latest version of TunePat Amazon Video Downloader through TunePat's Download Center.

2. Double-click the installation file to start installing the program on your computer. Then simply drag the TunePat application's icon to your Applications folder.

3. After installing, you can double-click the TunePat icon to launch the program.

Main Interface

Run TunePat Amazon Video Downloader on Mac, you will see the simplified interface as below:

Menu

Click the **Menu** button on the upper right corner of the main interface, you will see the dropdown list. Here you can choose to register the program, change the output settings, check for updates when a new version is available, ask for online help when you have any problem with the program, etc.

Tutorials

• Log in to Amazon Account

- Customize the Output Settings
- Search for Amazon Video
- Select Advanced Download Settings
- Download Amazon Video
- Check Download History

Log in to Amazon Account

After launching TunePat Amazon Video Downloader, you need to select a specific Amazon site according to your account. You will see the embedded Prime Video web player appear, asking you to sign in to Amazon with your account. Follow to enter your account information.

Note: TunePat will not take any information out of your account.
