Purchase TunePat ParamountPlus Video Downloader for Mac

Tips: To buy a license key for TunePat ParamountPlus Video Downloader for Mac, click [Here](#).

1. Why should I buy TunePat ParamountPlus Video Downloader for Mac?

TunePat ParamountPlus Video Downloader's trial version has the same features as the registered version, but it only allows you to download the first 5 minutes of each video. After purchasing the product, you will receive the Register Email and Register Code, which will allow you to remove all restrictions.

2. What Benefits do we have after Registration?

- Unlimited use without any function restrictions.
- FREE upgrades to the latest versions of the same product.
- FREE technical support.

Register TunePat ParamountPlus Video Downloader for Mac

Step 1: Run TunePat ParamountPlus Video Downloader on Mac, click the “Menu” button at the upper right corner of the interface and choose “Register” in the drop-down menu. Or you can directly click on the key icon to open the registration window.

Step2: Copy and paste the **Registration Email** and **Code** you received into the registration popup window, then click “Register” button.

Step3: Once the registration process is finished, the limitations of the trial version will be all removed.

Tips:

1. Make sure your computer is well-connected with the Internet.
2. We suggest you should just copy & paste the registration information into the popup dialog.
3. Make sure both the Registration Email and Code are provided by our company after purchasing. If you have not paid, please click **"Buy Now"** to get a license.
4. Please make sure Registration Email and Code you entered are both complete and correct, otherwise an error message will pop up as below:

The image shows a registration dialog box with a green header and a white body. The header contains the word "Registration" and a close button. The body contains the following text and form elements:

Please enter your new license, [or buy a new one.](#)

E-Mail:

Code:

The registration information must be entered exactly as they appear in your confirmation email. Using the copy and paste method to enter the license is recommended.

Log into Paramount+ Account

You need to first log in to Paramount Plus. After running TunePat, you will see the embedded Paramount+ web player. Follow the tips and click on “SIGN IN”. The screen will appear asking you to log in to Paramount Plus.

Note: TunePat will not record your personal information from your account. It is only used to download videos from Paramount Plus.

Customize the Output Settings

Click the **"Setting"** button on the upper right corner of the interface to make the basic format for your videos, including the video format, video quality, audio language, subtitle language, output path, etc.

Tutorial of TunePat ParamountPlus Video Downloader for Mac

Search for Paramount+ Videos

Browse the Paramount+ web player and navigate to your target video. You can also enter the related information to locate it. Open the video and click on the green down arrow named "Click to download this title". TunePat will display all relevant videos based on your needs.

Select Audio Track and Subtitle

If you are downloading a TV show, TunePat will let you choose a season and the episodes. Then click on the **“Advanced Download”** button to designate detailed parameters for the selected videos. If you are downloading a video, TunePat will directly jump to the advanced download settings.

You can change the video quality as well as the language of the audio track and subtitles for the videos you've chosen.

Tutorial of TunePat ParamountPlus Video Downloader for Mac

Download Paramount+ Videos

After selecting the output parameters, click the **“Download”** button and TunePat will start downloading the video. On the right side of the screen, the downloading process will be shown.

If you want to download more videos, just repeat the previous adding action to add them to the task list. TunePat will automatically begin a new download after finishing the current task.

Check Download History

After downloading, go to the **“Library”** tab to view the download history. You can find all of the videos you've downloaded in this page. Double-click on it, the video will play. When you click on the file icon within the item, the output folder will open and you can find the downloaded video files.
