Purchase TunePat VideoGo All-In-One for Mac

Tips: To buy a license key for TunePat VideoGo All-In-One for Mac, click [Here](#).

1. Why should I buy TunePat VideoGo All-In-One for Mac?

The trial version of TunePat VideoGo All-In-One has the same features as the registered version, but it only enables you to download the first 5 minutes of each video from streaming service. After you purchase the product, you will get the register email and register code. You can save the full videos on your computer without limitations.

2. What Benefits do we have after Registration?

- Unlimited use without any function restrictions.
- FREE upgrades to the latest versions of the same product.
- FREE technical support.

Tips:

1. Make sure your computer is well-connected with the Internet.
2. We suggest you should just copy & paste the registration information into the popup dialog.
3. Make sure both registration email and registration key are provided by our company after purchasing. If you have not paid, please click **"Buy Now"** to get a license.
4. Please make sure registration email and registration key you entered are both complete and correct, otherwise an error message will pop up as below:

The image shows a registration dialog box with a green header bar labeled "Registration" and a close button (X). The main content area has a light gray background. At the top, it says "Please enter your new license, [or buy a new one.](#)". Below this are two input fields: "E-Mail:" with an email icon and "Code:" with a key icon. Both fields contain placeholder text. At the bottom, there is a red error message: "The registration information must be entered exactly as they appear in your confirmation email. Using the copy and paste method to enter the license is recommended." Below the error message are two buttons: "Confirm" (green) and "Cancel" (white with green border).

Menu

Click the **Menu** button on the upper right side of the main interface, you will see the drop-down list. You can choose to register the program, change the output settings, check for update when a new version is available, ask for online help when you have any problem or suggestion with the program, etc.

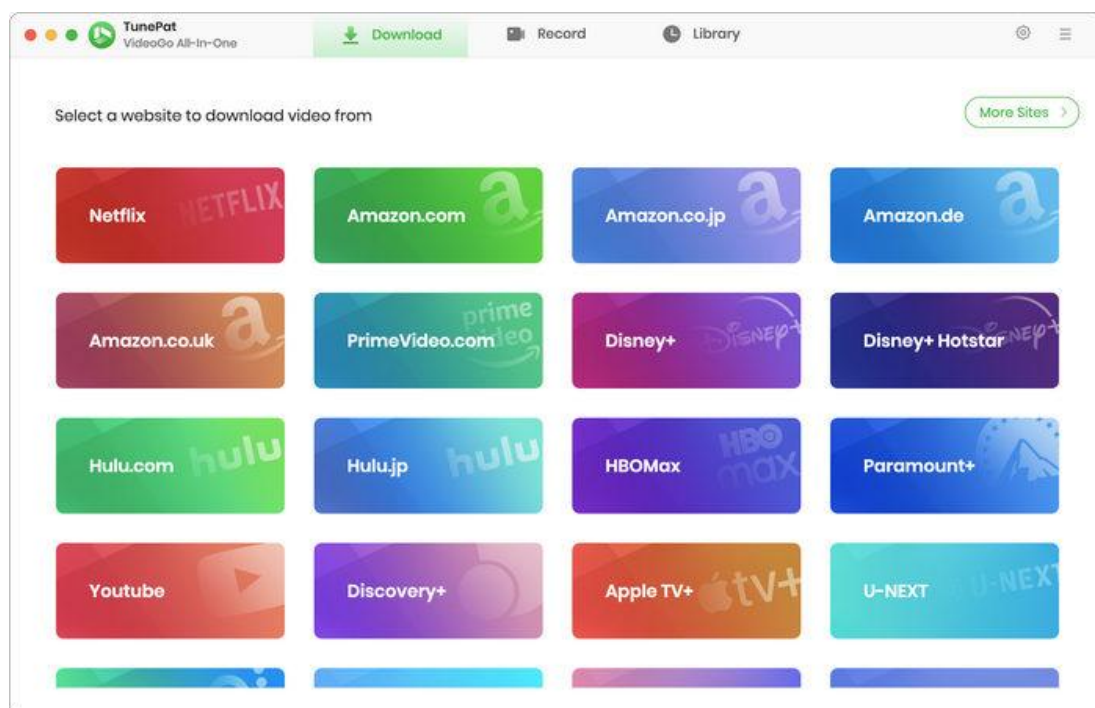

Tutorials

- [Select the Website](#)
- [Log into Account](#)
- [Customize the Output Settings](#)
- [Search for the Video](#)
- [Choose the Advanced Settings](#)
- [Download the Video](#)
- [Check Download History](#)

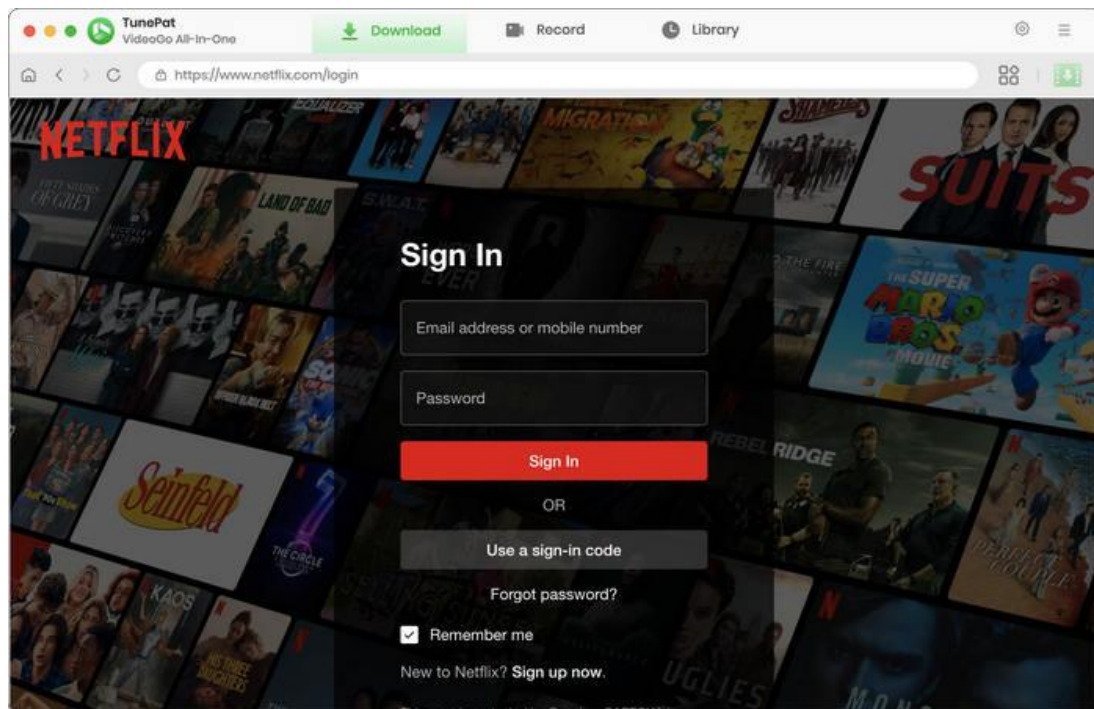

Select the Website

Run the latest version of TunePat VideoGo All-In-One on your Mac. Select the website which you want to download videos from. To get more websites, click “More Sites”.

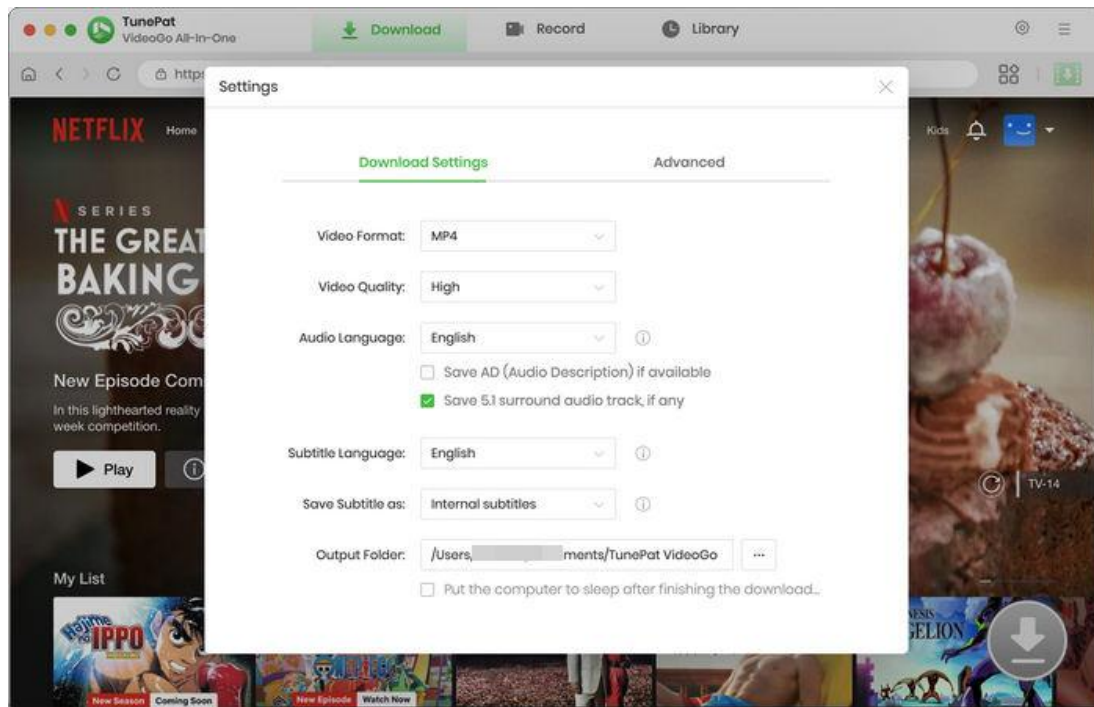

Taking Netflix as an example, when you choose to download Netflix videos, you need to log in to your Netflix account to access the content. If you download videos from free sites like YouTube, please ignore this step.

Customize the Output Settings

The settings window will appear after clicking on the **Setting** button. In this window, you can choose the video format as MP4 or MKV. Furthermore, you can select video quality, including High, Medium, and Low, as well as subtitles and audio tracks in multiple languages (including 5.1 surround sound).
